

**IAAP Illinois Teachers Workshop
Sponsorship Information**

The Illinois Teachers Workshop: Rocks, Minerals & Mining in Today's Society is an annual event designed to provide Illinois teachers with information about earth science, the mining industry and the importance of mining to today's society. By sponsoring one or more teachers, your company can help to pass our message along to countless schoolchildren.

Because this workshop is intended to build strong relationships between teachers and producers, we will attempt to match sponsors with teachers from the same area. To be sure of sponsoring a teacher near your operation, we encourage you to contact your local schools to offer sponsorship to interested teachers.

Donations from IAAP associate members will be used for miscellaneous costs such as bus transportation for tours, workbooks, and speaker accommodations.

Remember, the workshop is limited to just 35 participants, so if you have a particular teacher in mind, get them signed up early to ensure their place.

Sponsorships will be handled on a first-come, first-serve basis. If all 35 teachers are already sponsored, your contribution will be reallocated to the dinner reception or general donations, unless you indicate otherwise.

Make checks payable to:

Illinois Association of Aggregate Producers

Send form and payment to:

Glenda Schoening
Illinois Association of Aggregate Producers
1115 S. 2nd Street
Springfield, Illinois 62704
