

CLEAN FILL / CCDD Essentials for Contractors

CLEAN CONSTRUCTION OR DEMOLITION DEBRIS (CCDD)

UNCONTAMINATED SOIL FILL OPERATION (USFO)

Thursday, February 20, 2025 - 8:30 to 11:30 a.m.

Illinois Environmental Protection Agency (LGI Conference Room, 2nd Floor)

9511 W. Harrison Street

Des Plaines, IL 60016

The Illinois Association of Aggregate Producers' (IAAP) Clean Fill Division is sponsoring an informational/training seminar for contractors, consultants, operators and regulators on CCDD/USFO practices and regulations in the State of Illinois. This seminar is particularly designed for construction contractors and consulting engineers utilizing CCDD/USFO facilities.

The agenda includes various perspectives from CCDD operators, consultants and regulators across a range of important topics such as a review of the certification process, discussing operating procedures and sharing common best management practices. **See full agenda on next page.**

Preregistration is required: Certificates of Completion will be given to all in attendance. IAAP will provide a certificate for 2.5 Professional Development Hours to seminar attendees within 3 weeks following this event. It is the responsibility of the attendee to determine if this course meets the requirements of professional development for each license and state of licensure for which the attendee is claiming continuing education credit.

First & Last Name of Attendee (name to be printed on the certificate of completion)	
Employer	
Address, City, State, Zip	
Phone	Email Address (for registration confirmation)
Do you have any specific questions for the presenters that you would like answered during the question and answer session? Please submit your question(s) here. Your name will be kept anonymous.
